Department of
Computer Science

Source Data

- **Based on Ylioppilasmatriikkelit**
 - Detailed information about 28000 historical people
 - Collected from historical records
 - Ten years of manual work done by
Yrjö Kotivuori and Veli-Matti Autio

Project Video

Department of
Computer Science

Student–Teacher relations

- The dataset contains a network of teachers and students spanning from 1640's to late 1800's
- Network analysis can be used to e.g. locate the most significant individuals
